- Great TA! I attend his discussions regularly, and they are helpful to me.
- Great TA, very good understanding of course material and willing to go deeper and explain things out of class to help us understand. Would recommend to anyone
- made sense
- Prefect and funny guy
- Super approachable and interesting
- The professor for this class was horrible and without the TA's it would have been impossible to learn anything. Yuchao was very helpful and I really liked that he is a happy person. I would recommend him to other students.
- Yuchao is an awesome TA. He is very kind and courteous and is always willing to help students with the course material. His discussion section is also very helpful in getting additional help with the course material and homework. I could not succeed in this course without his help. He also can be quite humorous at times, which is nice, given how serious and difficult this course is.
